Total Amount Paid: \_\_\_\_\_ (checks only, payable to "OBTA")

\*\* Membership dues and other financial contributions will be used to support lobbying efforts on behalf of Backflow Assembly Testers in Oregon

OBTA is a non-profit association established in 2009 to represent public health interests as they relate to the cross connection and backflow prevention industry in Oregon. Our goal is to establish legislation that will result in a revised statute that will allow certified backflow assembly testers to regain the ability to perform in-line repairs and maintenance on assemblies.
